Career Objective

I am a passionate web development enthusiast currently pursuing a Bachelor's degree in Information Technology (B.Tech), with a focus on **Full-Stack Development**. I possess a strong foundation in front-end technologies including **HTML**, **CSS**, and **JavaScript**, and I am gaining hands-on experience with **SQL** for database management. Currently, I am expanding my skill set by learning **React.js** for dynamic web applications and **MongoDB** .Eager to apply my growing knowledge in both **front-end** and **back-end development**, I am actively seeking **internship** opportunities to gain practical experience and contribute to innovative projects.

Education

K S R Institute For Engineering And Technology
- B.Tech - Information Technology
- CGPA : 7.71 /10 (Till 5th Semester)

SunStar Higher Secondary School(SSLC)
- Jun 2019 - Mar 2020
- Percentage : 75 /100

SunStar Matric Higher Secondary School(HSC)
- Jun 2021 - May 2022
- Percentage : 65 /100

Skills

• Web Technologics: **HTML** , **CSS** and **ReactJs**

• Programming Languages : **Basics of Java & Java Script**

• Databases : **SQL & MongoDB**

• Deployment : **Github**

Tools

• Developement Enviroments : **Visual Studio** , **Eclipse**

• Browsers: **Chrome** , **Firefox**

• Platforms : **Node.js , Vite.js**

• Authentication : **auth0**

Area of Intrests

• Frontend Developement

• Full Stack Developement

• Mern Stack Developement

Languages

• English

• Tamil

Certifications

• JavaScript Course – Infosys Springboard (In Learning)

• Workshop on Building ChatGPT with Next.js – SRM University

Paper Presentation

• Paper Presentation on AI in Medical Organizations – KSR College of Engineering

Projects

Education Website - Using JS (Available in Github **)**

• Developed '**Bright Future**', an education website in **JavaScript**, offering paid and valuable courses with interactive features to enhance user experience

Travel Website – Using ReactJs (Available in Github **)**

• Developed a travel booking platform with multiple tour **packages.**

MERN – E-Commerce Website (In Developement)

• Developing a fully functional e-commerce platform using **MERN Stack.**

• Implementing key features like **product listings**, **filtering**, **cart management .**

Soft Skills

• Problem-solving

• Quick learner

• Time management

Strengths

• Adaptability

• Self-Motivated

• Team collaboration

Internship

AI in Cloud - Object Automation System Solutions - Chennai (1Month)

• I explored the integration of Artificial Intelligence (AI) with Cloud Computing, focusing on object automation system solutions. During this process, I gained hands-on experience in how AI-driven automation enhances cloud-based applications

• This experience significantly strengthened my understanding of AI workflows, cloud infrastructure, and automation techniques, which are essential for modern web and software development. It also provided me with valuable insights into building intelligent.
